APPROVAL OF FINANCIAL STATEMENTS:

I am responsible for the preparation of these Annual Financial Statements, which are set out on pages 15 to 96, in terms of Section 126(1) of the Municipal Finance Management Act (Act No 56 of 2003) and which I have signed on behalf of the municipality.

These Annual Financial Statements will be presented to the Council for information during September 2007.

DR LH MATHUNYANE MUNICIPAL MANAGER 31 August 2007

N NDLOVU CHIEF FINANCIAL OFFICER 31 August 2007

ANNUAL FINANCIAL STATEMENTS for the year ended 30 June 2007

FOREWORD

During the 2006/2007 financial year the municipality was under severe pressure to ensure compliance to various changes in legislation. The municipality was however able to meet the challenges set by a changing legislative environment.

The municipality had to face challenges on the administrative side, as the Municipal Manager was only appointed in October 2006, while other Sec 57 employees of Council were appointed as from January 2007.

The municipality has also as part of improving service delivery to the community implemented proper communication channels through the ward committee systems, as well as creating helpdesks at all the offices in the municipal area. This will be further enhanced during the 2008 financial year.

Although capital projects were limited to those financed from external grant funding the municipality has successfully finalised the projects identified in the Integrated Development plan. The municipality will in the 2008 financial year again embark upon projects identified in the IDP.

Service delivery and the payment for services still remain a serious concern to all in local government. All role-players must ensure that they work together to overcome the legacy of the past and ensure that we uplift the living conditions of those that were forgotten previously.

I hereby wish to thank the Members of the Mayoral Committee and executive staff for their commitment during the year, in ensuring that we meet the targets set in the Integrated Development Plan and the 2006/2007 budget.

I thank you.

CLR O MTSWENI ACTING EXECUTIVE MAYOR

31 August 2007

ANNUAL FINANCIAL STATEMENTS for the year ended 30 June 2007

AUDIT REPORT

The 2006/2007 Audit Report was not available when the Annual Financial Statements were approved and will be attached hereto as Annexure "A" when received after the completion of the statutory audit.

ANNUAL FINANCIAL STATEMENTS

for the year ended 30 June 2007

REPORT OF THE CHIEF FINANCIAL OFFICER

1. INTRODUCTION

During the 2006/2007 Financial year, the council instituted various control measures in order to improve the overall financial results of the municipality.

The areas covered during the year under review included the development of policies, addressing issues raised during the previous audit report and improved debt collection strategies.

The impact of these can be seen in the financial results of the municipality.

2. KEY FINANCIAL INDICATORS

The following indicators give some insight into the financial results of the year under review, with comparitive figures of the previous financial year.

The main reason for the huge deficit in this financial year, is mainly due to the implementation of GAMAP/GRAP standards on Noncurrent Provisions.

Financial Statement Ratios:

INDICATOR	2007	2006
Surplus / (Deficit) before Appropriations	(67,238,259)	(8,582,611)
Surplus / (Deficit) at the end of the Year	402,046,772	504,853,096
Expenditure Categories as a percentage of Total Expenses:		
Employee Related Costs	31.68%	28.36%
Remuneration of Councillors	1.50%	1.20%
Bad Debts	8.53%	12.07%
Collection Costs	1.35%	1.36%
Depreciation	10.06%	11.45%
Repairs and Maintenance	3.13%	3.90%
Interest Paid	1.88%	2.28%
Bulk Purchases	18.86%	21.95%
Contracted Services	2.30%	2.60%
Grants and Subsidies Paid	11.51%	4.98%
General Expenses	9.18%	9.87%

Financial Statement Ratios (Continued):

INDICATOR	2007	2006
Current Ratio:		
Creditors Days	37	54
Debtors Days	38	32

The good ratio for Debtors Days is because of bad debts in the amount of R64 556 302 million written-off during the year under review, which renders a favourable ratio for the year. Creditors ratio improved with 17 days due to improved cash-flow measures in place.

3. OPERATING RESULTS

The overall operating results for the year ended 30 June 2007 are as follows:

DETAILS	Actual 2006/2007	Actual 2005/2006	Percentage Variance	Budgeted 2006/2007	Variance actual/ budgeted
	R	R	%	R	%
Income:					
Opening surplus / (deficit)	504,853,096	578,406,838	(12.72)%	-	-
Operating income for the year	648,822,781	559,350,360	16.00%	539,917,100	20.17%
Appropriations for the year	(31,811,877)	(58,379,089)	(45.51)%	-	=
	1,121,864,001	1,079,378,109	3.94%	539,917,100	107.78%
Expenditure:					
Operating expenditure for the year	716,061,040	567,932,971	26.08%	539,921,030	32.62%
Sundry transfers	3,756,189	6,592,041	(43.02)%	-	-
Closing surplus / (deficit)	402,046,772	504,853,096	(20.36)%	(3,930)	-
	1,121,864,001	1,079,378,109	3.94%	539,917,100	107.78%

Details of the operating results per segmental classification of expenditure are included in Appendix "D".

3.1 Rates and General Services:

Rates and General Services are all types of services rendered by the municipality, excluding those listed below. The main income sources are Assessment Rates and Sundry Fees levied.

DETAILS	Actual 2006/2007 R	Actual 2005/2006 R	Percentage Variance %	Budgeted 2006/2007 R	Variance actual/ budgeted %
Income	276,042,150	233,769,335	18.08%	232,792,900	18.58%
Expenditure	320,842,563	261,754,479	22.57%	243,403,430	31.82%
Surplus / (Deficit)	(44,800,413)	(27,985,144)	60.09%	(10,610,530)	=
Surplus / (Deficit) as % of total income	(16.23)%	(11.97)%		(4.56)%	

3.2 Housing Services:

Housing Services are services rendered by the municipality to supply housing to the community and includes the rental of units owned by the municipality to public and staff. The main income source is the levying of Housing Rentals.

DETAILS	Actual 2006/2007 R	Actual 2005/2006 R	Percentage Variance %	Budgeted 2006/2007 R	Variance actual/ budgeted %
Income	12,385,837	2,409,692	414.00%	594,000	1985.16%
Expenditure	14,837,271	10,319,254	43.78%	4,531,300	227.44%
Surplus / (Deficit)	(2,451,433)	(7,909,563)	(69.01)%	(3,937,300)	-
Surplus / (Deficit) as % of total income	(19.79)%	(328.24)%		(662.85)%	

3.3 Waste Management Services:

Waste Management Services are services rendered by the municipality for the collection, disposal and purifying of waste (refuse and sewerage). Income is mainly generated from the levying of fees and tariffs determined by the council.

DETAILS	Actual 2006/2007 R	Actual 2005/2006 R	Percentage Variance %	Budgeted 2006/2007 R	Variance actual/ budgeted %
Income	65,763,835	89,112,019	(26.20)%	66,256,500	(0.74)%
Expenditure	87,879,964	60,798,531	44.54%	63,553,000	38.28%
Surplus / (Deficit)	(22,116,129)	28,313,489	(178.11)%	2,703,500	=
Surplus / (Deficit) as % of total income	(33.63)%	31.77%		4.08%	

3.4 Electricity Services:

Electricity is bought in bulk from Eskom and distributed to the consumers by the municipality. The cost of bulk purchases to the municipality was R81 260 253 (2005/2006: R73,196,059). Tariffs levied for electricity are subject to administered adjustments.

The REDS (Regional Electricity Distribution Suppliers) will be introduced in the near future, where electricity will be distributed by a regional supplier. This will impact materially on the Annual Financial Statements of the municipality.

DETAILS	Actual 2006/2007 R	Actual 2005/2006 R	Percentage Variance %	Budgeted 2006/2007 R	Variance actual/ budgeted %
Income	146,644,146	138,661,544	5.76%	151,142,000	(2.98)%
Expenditure	169,823,490	150,307,606	12.98%	143,260,400	18.54%
Surplus / (Deficit)	(23,179,344)	(11,646,062)	99.03%	7,881,600	-
Surplus / (Deficit) as % of total income	(15.81)%	(8.40)%		5.21%	

3.5 Water Services:

Water is bought in bulk from Rand Water and distributed to the consumers by the municipality. The cost of bulk purchases to the municipality was R53 799 383 (2005/2006: R51 457 824). Tariffs levied for water are subject to administered adjustments.

DETAILS	Actual 2006/2007 R	Actual 2005/2006 R	Percentage Variance %	Budgeted 2006/2007 R	Variance actual/ budgeted %
Income	147,986,812	95,397,771	55.13%	89,131,700	66.03%
Expenditure	122,677,752	84,753,102	44.75%	85,172,900	44.03%
Surplus / (Deficit)	25,309,060	10,644,669	137.76%	3,958,800	=
Surplus / (Deficit) as % of total income	17.10%	11.16%		4.44%	

4. FINANCING OF CAPITAL EXPENDITURE

The expenditure on Property, Plant and Equipment during the year amounted to R70 706 139 (2005/2006: R95 293 106). Full details of Property, Plant and Equipment are disclosed in note number 8 and appendices "B, C and E (2)" to the Annual Financial Statements.

The capital expenditure of R 70,706,139 was financed as follows:

DETAILS	Actual 2006/2007 R	Actual 2005/2006 R	Percentage Variance %	Budgeted 2006/2007 R	Variance actual/ budgeted %
Capital Replacement Reserve External Loans Grants and Subsidies Public Contributions Own Funds (Accumulated Surplus)	9,141,468 - 61,474,473 90,198	9,954,384 10,000,000 75,338,722	(8.17)% (100.00)% (18.40)% #DIV/0! #DIV/0!	10,223,700 - 61,357,000 -	- - 0.19% - -
	70,706,139	95,293,106	(25.80)%	71,580,700	(1.22)%

Source of funding as a percentage of Total Capital Expenditure:

DETAILS	2007	2006
Conital Doubles would Describe	12.020	10 450
Capital Replacement Reserve	12.93%	
External Loans	-	10.49%
Grants and Subsidies	86.94%	79.06%
Public Contributions	0.13%	-
Own Funds (Accumulated Surplus)	-	-

Property, Plant and Equipment is funded to such a great extent from grants and subsidies because the municipality does not have the financial resources to finance capital from its own funds.

5. RECONCILIATION OF BUDGET TO ACTUAL

5.1 Operating Budget:

(3,930)	
(3,930)	
	756,364
108,905,681	56,380,712

	71,539,938	98,889,296	(27,349,358)	71,580,700	(40,762)

Details of the results per segmental classification of capital expenditure are included in Appendix "C", together with a criptic explanation of significant variances of more than 5% from budget, are included in Appendix "E (2)".

6. CAPITAL REPLACEMENT RESERVE

The balance of the Capital Replacement Reserve as at 30 June 2007 amounted to R155 124 (30 June 2006: R5 964 806).

The Capital Replacement Reserve replaces the previous statutory funds, like the Capital Development Fund, and is a cash-backed reserve established to enable the municipality to finance future capital expenditure. Cash contributions, depending on the availability of cash, is made annually to the reserve.

The municipality is dependent on external funds (external loans and grants) to finance its annual capital programme.

Refer to the Statement of Change in Net Assets for more detail.

7. LONG-TERM LIABILITIES

The outstanding amount of Long-term Liabilities as at 30 June 2007 was R86 184 585 (30 June 2006: R86 846 397).

No new loans were taken up during this financial year.

Refer to Note number 1 and Appendix "A" for more detail.

8. NON-CURRENT PROVISIONS

Non-current Provisions amounted R 64 095 073 as at 30 June 2007 (30 June 2006: R14 500 000) and is made up as follows:

Provision for Cleaning of Illegal Dumping	-
Provision for Clearing of Alien Vegetation	-
Provision for Long-term Service	9,074,516
Provision for Post-retirement Benefits	38,020,557
Provision for Rehabilitation of Land-fill Sites	17,000,000
	64,095,073

These provisions are made in order to enable the municipality to be in a position to fulfil its known legal obligations when they become due and payable.

Refer to Note number 2 for more detail.

9. CURRENT LIABILITIES

Current Liabilities amounted R108 867 483 as at 30 June 2007 (30 June 2006: R123 384 934) and is made up as follows:

Consumer Deposits	Note number 3	9,240,860
Provisions	Note number 4	3,167,466
Creditors	Note number 5	72,150,261
Unspent Conditional Grants and Receipts	Note number 6	6,265,997
VAT	Note number 7	4,668,537
Bank Overdraft	Note number 15	12,484,318
Current Portion of Long-term Liabilities	Note number 1	908,265
		108,885,703

Current Liabilities are those liabilities of the municipality due and payable in the short-term (less than 12 months). There is no known reason as to why the municipality will not be able to meet its obligations.

Refer to the indicated Note numbers for more detail.

10. PROPERTY, PLANT AND EQUIPMENT

The net value of Property, Plant and Equipment was R814 040 487 as at 30 June 2007 (30 June 2006: R 818 783 340).

An Asset verification of all council assets was done during the financial year.

Refer to Note number 8 and Appendices "B, C and E (2)" for more detail.

11. INVESTMENTS

The municipality held Investments to the value of R 65 042 864 as at 30 June 2007 (30 June 2006: R 60 056 619).

The bulk of these investments are ring-fenced for purposes of the Capital Replacement Reserve, Unspent Conditional Grants and security for Long-term Liabilities, with the result that no significant amounts are available for own purposes.

Refer to Note number 9 for more detail.

12. LONG-TERM RECEIVABLES

Long-term Receivables of R 48 144 767 at 30 June 2007 (30 June 2006: R 72 887 397) is made up as follows:

Officials: Study Loans	808,569
Township Development	239,688
Sale of Erven	-
Capitalised Arrear Services	56,697,009
	57,745,267
Less: Short-term portion included in Current Assets	9,600,500
	48,144,767

The substantial decrease in Long-term Receivables is attributed to the write-off of long outstanding amounts to the Provision for Doubtful Debts.

Refer to Note number 10 for more detail.

13. CURRENT ASSETS

Current Assets amounted R 58 684 948 as at 30 June 2007 (30 June 2006: R 73 627 913) and is made up as follows:

Inventory	Note number 11	2,796,959
Consumer Debtors	Note number 12	42,035,348
Other Debtors	Note number 13	2,015,444
Current Portion of Long-term Debtors	Note number 10	9,600,500
Call Investment Deposits	Note number 14	2,236,697
Bank Balances and Cash	Note number 15	18,220
		58,703,168

The decrease is mainly to amounts written of and Call Investment released during the financial year.

Refer to the indicated Note numbers for more detail.

14. INTER-GOVERNMENTAL GRANTS

The municipality is dependent on financial aid from other government spheres to finance its annual capital programme. Operating grants are utilised to finance indigent assistance.

Refer to Notes number 6 and 18, and Appendix "F" for more detail.

15. POST BALANCE SHEET EVENTS

There are no significant events known to council

16. GENERAL RECOGNISED ACCOUNTING PRACTICE (GRAP)

In order to adhere to principles and procedures prescribed by law and the directives of National Treasury, the Annual Financial Statements have been converted to the GRAP-format.

17. EXPRESION OF APPRECIATION

We are grateful to the Executive Mayor, members of the Mayoral Committee, Councillors, the Municipal Manager and Heads of Departments for the support extended during the financial year. A special word of thanks to all staff in the Finance Department, for without their assistance these Annual Financial Statements would not have been possible.

CHIEF FINANCIAL OFFICER

31 August 2007

1. BASIS OF PRESENTATION

The Annual Financial Statements have been prepared in accordance with the Standards of Generally Recognised Accounting Practices (GRAP) and the Standards of Generally Accepted Municipal Accounting Practices (GAMAP) prescribed by the Minister of Finance in terms of:

- ♦ General Notice 991 of 2005, issued in Government Gazette no 28095 of 15 December 2005; and
- General Notice 992 of 2005, issued in Government Gazette no 28095 of 7 December 2005.

The Standards are summarised as follows:

GRAP 1	Presentation of Financial Statements
GRAP 2	Cash Flow Statements
GRAP 3	Accounting Policies, Changing in Accounting Estimates and Errors
GAMAP 4	Effects of Changes in Foreign Exchange Rates
GAMAP 6	Consolidated Financial Statements and Accounting for Controlled
GAINIAI 0	Entities
GAMAP 7	Accounting for Investments in Associates
GAMAP 8	Financial Reporting of Interests in Joint Ventures
GAMAP 9	Revenue
GAMAP 12	Inventories
GAMAP 17	Property, Plant and Equipment
GAMAP 19	Provisions, Contingent Liabilities and Contingent Assets
	and 8 have been complied with to the extent that the requirements in
these standa	ards relate to the municipality's separate financial statements.

Accounting Policies for material transactions, events or conditions not covered by the above GRAP and GAMAP Standards have been developed in accordance with paragraphs 7, 11 and 12 of GRAP 3. These Accounting Policies and the applicable disclosures have been based on the South African Statements of Generally Accepted Accounting Practices (SA GAAP), including any interpretations of such Statements issued by the Accounting Practices Board.

The Minister of Finance has, in terms of General Notice 552 of 2007 exempted compliance with certain of the above mentioned standards and aspects or parts of these standards. Details of the exemptions applicable to the municipality have been provided in the notes to the Annual Financial Statements.

The entity has elected to early adopt the following requirement(s) in GRAP, GAMAP or SA GAAP, which were exempted in terms of General notice 552 of 2007:

Standard no.	Standard title	GRAP, GAMAP and/or SA GAAP requirement(s), exempted in terms of General notice 552 of 2007, that have been early adopted
GAMAP 12	Inventories	§ The entire standard as far as it relates to immovable capital assets inventory that is accounted for in terms of GAMAP17.
IAS 17 (AC 105)	Leases	§ Recognising operating lease payments / receipts on a straight-line basis if the amounts are recognised on the basis of the cash flows in the lease agreement (IAS 17.33 – 34 and 50 – 51, SAICA circular 12/06.8 – 11)
IAS 19 (AC 116)	Employee benefits	§ Defined benefit accounting as far as it relates to defined benefit plans accounted for as defined contribution plans and defined benefit obligation disclosed by narrative information (IAS 19.29, 48 – 119 and 120A(c) – (q))
IAS 38 (AC 129)	Intangible assets	§ The entire standard except for the recognition, measurement and disclosure of computer software and website costs (SIC 32) and all other costs are expensed
IFRS 5 (AC 142)	Non-current assets held for sale and discontinued operations	§ Classification, measurement and disclosure of non-current assets held for sale (IFRS 5.6 – 29 (in so far as it relates to non-current assets held for sale) and 38 – 42)

A summary of the significant accounting policies, which have been consistently applied, are disclosed below.

2. PRESENTATION CURRENCY

These Annual Financial Statements are presented in South African Rand.

3. GOING CONCERN ASSUMPTION

These Annual Financial Statements have been prepared on a going concern basis.

4. OFFSETTING

Assets, liabilities, revenues and expenses have not been offset except when offsetting is required or permitted by a Standard of GAMAP, GRAP or GAAP.

5. RESERVES

5.1 Capital Replacement Reserve (CRR)

In order to finance the provision of infrastructure and other items of property, plant and equipment from internal sources, amounts are transferred from the accumulated surplus/(deficit) to the CRR. A corresponding amount is transferred to a designated CRR bank or investment account. The cash in the designated CRR bank account can only be utilised to finance items of property, plant and equipment. The CRR is reduced and the accumulated surplus/(deficit) is credited by a corresponding amount when the amounts in the CRR are utilised.

The amount transferred to the CRR is based on the municipality's need to finance future capital projects included in the Integrated Development Plan.

5.2 Capitalisation Reserve

On the implementation of GAMAP/GRAP, the balance on certain funds, created in terms of the various Provincial Ordinances applicable at the time, that had historically been utilised for the acquisition of items of property, plant and equipment have been transferred to a Capitalisation Reserve instead of the accumulated surplus/(deficit) in terms of a directive (budget circular) issued by National Treasury. The purpose of this Reserve is to promote consumer equity

5. RESERVES (continued)

by ensuring that the future depreciation expenses that will be incurred over the useful lives of these items of property, plant and equipment are offset by transfers from this reserve to the accumulated surplus/(deficit).

The balance on the Capitalisation Reserve equals the carrying value of the items of property, plant and equipment financed from the former legislated funds. When items of property, plant and equipment are depreciated, a transfer is made from the Capitalisation Reserve to the accumulated surplus/(deficit).

When an item of property, plant and equipment is disposed, the balance in the Capitalisation Reserve relating to such item is transferred to the accumulated surplus/(deficit).

5.3 Government Grant Reserve

When items of property, plant and equipment are financed from government grants, a transfer is made from the accumulated surplus/(deficit) to the Government Grants Reserve equal to the Government Grant recorded as revenue in the Statement of Financial Performance in accordance with a directive (budget circular) issued by National Treasury. When such items of property, plant and equipment are depreciated, a transfer is made from the Government Grant Reserve to the accumulated surplus/(deficit). The purpose of this policy is to promote community equity by ensuring that the future depreciation expenses that will be incurred over the useful lives of government grant funded items of property, plant and equipment are offset by transfers from this reserve to the accumulated surplus/(deficit).

When an item of property, plant and equipment financed from government grants is disposed, the balance in the Government Grant Reserve relating to such item is transferred to the accumulated surplus/(deficit).

5. RESERVES (continued)

5.4 Donations and Public Contributions Reserve

When items of property, plant and equipment are financed from public contributions and donations, a transfer is made from the accumulated surplus/(deficit) to the Donations and Public Contributions Reserve equal to the donations and public contributions recorded as revenue in the Statement of Financial Performance in accordance with a directive (budget circular) issued by National Treasury. When such items of property, plant and equipment are depreciated, a transfer is made from the Donations and Public Contributions Reserve to the accumulated surplus/(deficit). The purpose of this policy is to promote community equity and facilitate budgetary control by ensuring that sufficient funds are set aside to offset the future depreciation charges that will be incurred over the estimated useful life of the item of property, plant and equipment financed from donations and public contributions.

When an item of property, plant and equipment financed from donations and public contributions is disposed, the balance in the Donations and Public Contributions Reserve relating to such item is transferred to the accumulated surplus/(deficit).

6. PROPERTY, PLANT AND EQUIPMENT

6.1 Fixed Assets

Property, plant and equipment, is stated at cost, less accumulated depreciation.

Where items of property, plant and equipment have been impaired, the carrying value is adjusted by the impairment loss, which is recognised as an expense in the period that the impairment is identified except where the impairment reverses a previous revaluation.

The cost of an item of property, plant and equipment acquired in exchange for a non-monetary asset or monetary assets, or a combination of monetary and non-monetary assets was measured at its fair value. If the acquired item could not be measured at its fair value, its cost was measured at the carrying amount of the asset given up.

6. PROPERTY, PLANT AND EQUIPMENT (continued)

6.1 Fixed Assets (continued)

Subsequent expenditure relating to property, plant and equipment is capitalised if it is probable that future economic benefits or potential service delivery of the asset are enhanced in excess of the originally assessed standard of performance. If expenditure only restores the originally best estimate of the expected useful life of the asset, then it is regarded as repairs and maintenance and is expensed. Examples of subsequent expenditure which should be capitalised are the enhancement of an existing asset so that its use is expanded, or the further development of an asset so that its original life is extended.

The Municipality has adopted a capitalisation threshold whereby all expenditure below the threshold is expensed when incurred. The threshold will be determined annually during the budget process.

All assets of the Municipality are verified annually in terms of Council's Asset Management Policy to:-

- Physically identify all assets.
- Determine assets to be written-off.
- Determine obsolete assets.
- Determine changes in the estimated useful lives of assets.
- Determine impairment losses on assets.

6.2 Depreciation

Depreciation is calculated on cost, using the straight line method, over the estimated useful lives of the assets. The depreciation rates are based on the following estimated useful lives.

6. PROPERTY, PLANT AND EQUIPMENT (continued)

	Years		Years
Infrastructure		Other	
Roads and Paving	30	Buildings	30
Pedestrian Malls	30	Specialist Vehicles	10
Electricity	20-30	Other Vehicles	5
Water	15-20	Office Equipment	3-7
Sewerage	15-20	Furniture and Fittings	7-10
Housing	30	Watercraft	15
		Bins and Containers	5
Community		Specialised Plant and	
Improvements	30	Equipment	10-15
Recreational Facilities	20-30	Other Plant and	
Security	5	Equipment	2-5

The estimated useful lives and the depreciation methods was not reviewed in the previous and current financial years as required by GAMAP 17 as these requirements have been exempted in terms of General Notice 552 of 2007.

6.2.1 Land

Land is not depreciated as it is regarded as having an infinite life.

6.2.2 Incomplete Construction Work

Incomplete construction work is stated at historical cost. Depreciation only commences when the asset is commissioned into use.

6.2.3 Heritage Assets

Heritage assets, which are culturally significant resources and which are shown at cost, are not depreciated owing to uncertainty regarding to their estimated useful lives.

6.3 Disposal of property, plant and equipment

- The book values of assets are written off on disposal.
- ◆ The difference between the net book value of assets (cost less accumulated depreciation) and the sales proceeds is reflected as a gain or loss in the Statement of Financial Performance.

6. PROPERTY, PLANT AND EQUIPMENT (continued)

6.4 Impairment

Where the carrying amount of an item of property, plant and equipment is greater than the estimated recoverable amount, it should be written down immediately to its recoverable amount and an impairment loss is charged to the Statement of Financial Performance. The municipality should assess at **each reporting date** whether there is any indication that any items of PPE may be impaired by reviewing external and internal sources of information which indicates that impairments may have occurred. However, for the previous and current year under review, the municipality did not perform impairment testing on its assets as required by GAMAP 17 and IAS 36/AC128, as these requirements have been exempted in terms of General Notice 552 of 2007.

6.5 Landfill Sites

The Municipality has an obligation to rehabilitate its landfill sites in terms of its licence stipulations. Provision is made for this obligation in accordance with the Municipality's Accounting Policy on non-current provisions – see Accounting Policy 13 on Provisions.

7. INTANGIBLE ASSETS

Intangible assets acquired separately or internally generated are reported at cost less accumulated amortisation and accumulated impairment losses.

Amortisation is charged on a straight-line basis over their useful lives, which is estimated to be between 3 to 5 years. Where intangible assets are deemed to have an indefinite useful life, such intangible assets are not amortised, for example Servitudes obtained by the municipality give the municipality access to land for specific purposes for an unlimited period. Therefore servitudes are not amortised or impaired.

Intangible assets are annually tested for impairment.

7. INTANGIBLE ASSETS (continued)

Where items of intangible assets have been impaired, the carrying value is adjusted by the impairment loss, which is recognised as an expense in the period that the impairment is identified except where the impairment reverses a previous revaluation.

The estimated useful life and amortisation method are reviewed annually at the end of the financial year. Any adjustments arising from the annual review are applied prospectively.

8. INVESTMENT PROPERTY

Land and/or buildings that meet the "Investment Property" definition have in the current and prior years been accounted for in accordance with GAMAP 17. The requirements of IAS40/AC135 have been exempted in terms of General notice 552 of 2007.

9. FINANCIAL INSTRUMENTS

The municipality has various types of financial instruments and these can be broadly categorised as either *Financial Assets* or *Financial Liabilities*.

9.1 Financial Assets

A financial asset is any asset that is a cash or contractual right to receive cash. The municipality has the following types of financial assets as reflected on the face of the Statement of Financial Position or in the notes thereto:

- Listed Investments (Shares)
- Unlisted Investments (Local Authority Stock)
- Investments in Fixed Deposits (Banking Institutions, etc)
- Long-term Receivables
- Consumer Debtors
- Other Debtors
- Short-term Investment Deposits
- Bank Balances and Cash

In accordance with IAS 39.09 the *Financial Assets* of the municipality are classified as follows into the four categories allowed by this standard:

Type of Financial Asset	Classification in terms of IAS 39.09
	Financial Assets:
Listed Investments	Held at fair value through profit or
	loss
Unlisted Investments	Held at fair value through profit or
	loss
Investments in Fixed Deposits	Held to maturity
Long-term Receivables	Loans and receivables
Consumer Debtors	Loans and receivables
Other Debtors	Loans and receivables
Short-term Investment Deposits	Held to maturity
Bank Balances and Cash	Available for sale

9.2 Financial Liabilities

A financial liability is a contractual obligation to deliver cash or another financial asset to another entity. The municipality has the following types of financial liabilities as reflected on the face of the Statement of Financial Position or in the notes thereto:

- Long-term Liabilities
- Provisions
- Creditors
- Bank Overdraft
- Current Portion of Long-term Liabilities
- Defined Benefit Obligations
- Consumer Deposits
- VAT

There are two main categories of *Financial Liabilities*, the classification based on how they are measured. Financial liabilities may be measured at:

- (i) Fair value through profit or loss; or
- (ii) Not at fair value through profit or loss ('other financial liabilities')

Financial liabilities that are measured at fair value through profit or loss are financial liabilities that are essentially held for trading (i.e. purchased with the intention to sell or repurchase in the short term; derivatives other than hedging

instruments or are part of a portfolio of financial instruments where there is recent actual evidence of short-term profiteering or are derivatives).

Any other financial liabilities should be classified as financial liabilities that are not measured at fair value through profit or loss.

In accordance with IAS 39.09 the *Financial Liabilities* of the municipality are all classified as financial liabilities that are not measured at fair value through profit or loss.

Creditors

Creditors are stated at their nominal value.

9.3 Measurement

Financial Instruments are in the current and prior years recognised and measured at cost. The requirement of IAS 39.43, AG 64, AG 65, AG 79 and SAICA Circular 9 that financial instruments should initially be measured at fair value has been exempted in terms of General Notice 552 of 2007.

Financial Assets:

Held-to-maturity investments and loans-and-receivables are initially measured at fair value and subsequently measured at amortised cost. Financial assets at fair value and available-for-sale are initially and subsequently, at the end of each financial year, measured at fair value with the profit or loss being recognised in the Statement of Financial Performance.

Financial Liabilities:

Financial liabilities that are not held-for-trading are measured at amortised cost using the effective interest rate method.

9.4 Impairment of Financial Assets

At each balance sheet date an assessment is made whether there is any objective evidence of impairment of Financial Assets. If there is such evidence the recoverable amount is estimated and an impairment loss is recognised in accordance with IAS 39.

Consumer Debtors are stated at cost less a provision for bad debts. The provision is made for all debtors that are older than 90 days as all debtors are regarded as having similar credit risks.

9. FINANCIAL INSTRUMENTS (continued)

Loans and Receivables are non-derivative Financial Assets with fixed or determinable payments. They are included in current assets, except for maturities greater than 12 months, which are classified as non-current assets. Loans and receivables are recognised initially at cost which represents fair value. After initial recognition Financial Assets are measured at amortised cost, using the effective interest rate method less a provision for impairment.

10. INVENTORIES

Consumable stores, raw materials, work-in-progress and finished goods are valued at the lower of cost and net realisable value. In general, the basis of determining cost is the weighted average cost of commodities. If inventories are to be distributed at no charge or for a nominal charge they are valued at the lower of cost and current replacement cost.

Water and purified efficient are valued at purified cost insofar as it's stored and controlled in reservoirs at year-end.

Unsold properties are valued at the lower of cost and net realisable value on a weighted average cost basis. Direct costs are accumulated for each separately identifiable development. Costs also include a proportion of overhead costs.

Cost of inventory comprises all costs of purchase, cost of conversion and other cost incurred in bringing the inventory to its present location and condition.

Redundant and slow-moving inventories are identified and written down from cost to net realisable value with regard to their estimated economic or realisable values.

11. REVENUE RECOGNITION

Revenue for the current and prior financial year was initially recognised at cost. The requirement of GAMAP 9.12 and SAICA circular 9/06 that the initial measurement of revenue be recognised at fair value through discounting all future receipts using an imputed rate of return have been exempted in terms of General Notice 552 of 2007.

11.1 Revenue from Exchange Transactions

11.1.1 Service Charges

Service charges relating to electricity and water are based on consumption. Meters are read on a monthly basis and are recognised as revenue when invoiced. Provisional estimates of consumption are made monthly when meter readings have not been performed. The provisional estimates of consumption are recognised as revenue when invoiced, except at year-end when estimates of consumption up to year-end are recorded as revenue without it being invoiced. Adjustments to provisional estimates of consumption are made in the invoicing period in which meters have been read. These adjustments are recognised as revenue in the invoicing period.

Service charges relating to refuse removal are recognised on a monthly basis in arrears by applying the approved tariff to each property that has improvements. Tariffs are determined per category of property usage, and are levied monthly based on the number of refuse containers on each property, regardless of whether or not all containers are emptied during the month.

Service charges from sewerage and sanitation are based on the type of service and the number of sewer connections on all developed property, using the tariffs approved by Council and are levied monthly.

In circumstances where services cannot readily be measured and quantified, a flat rate service charge is levied monthly on such properties.

11.1.2 Pre-paid Electricity

Revenue from the sale of electricity pre-paid meter cards are recognised at the point of sale. Revenue from the sale of electricity prepaid meter cards are recognised based on an estimate of the prepaid electricity consumed as at the reporting date.

11. REVENUE RECOGNITION (continued)

11.1 Revenue from Exchange Transactions (continued)

11.1.3 Interest Earned

Interest and rentals are recognised on a time proportion basis.

11.1.4 Dividends and Royalties

Dividends and royalties are recognised on the date that the Municipality becomes entitled to receive the dividend or royalty in accordance with the substance of the relevant agreement, where applicable.

11.1.5 Tariff Charges

Revenue arising from the application of the approved tariff of charges is recognised when the relevant service is rendered by applying the relevant gazetted tariff. This includes the issuing of licences and permits.

11.1.6 Income from Agency Services

Income for agency services is recognised on a monthly basis once the income collected on behalf of agents has been quantified. The income recognised is in terms of the agency agreement.

11.1.7 Housing Rental and Instalments

Finance income from the sale of housing by way of instalment sales agreements or finance leases is recognised on a time proportion basis.

11. REVENUE RECOGNITION (continued)

11.1 Revenue from Exchange Transactions (continued)

11.1.8 Sale of Goods

Revenue from the sale of goods is recognised when **all** the following conditions have been satisfied:

- ♦ The municipality has transferred to the buyer the significant risks and rewards of ownership of the goods.
- The municipality retains neither continuing managerial involvement to the degree usually associated with ownership nor effective control over the goods sold.
- The amount of revenue can be measured reliably.
- It is probable that the economic benefits or service potential associated with the transaction will flow to the municipality.
- The costs incurred or to be incurred in respect of the transaction can be measured reliably.

11.1.9 Government Grants and Public Contributions

Revenue from government grants and public contributions is recognised when all conditions associated with the contribution have been met or where the contribution is to finance property, plant and equipment, when such items of property, plant and equipment is brought into use. Where government grants and public contributions have been received but the municipality has not met the condition, a liability is recognised. The requirements of IAS20 (excluding paragraphs 24 and 26) have not been met in the current and prior financial years as these requirements have been exempted in terms of General Notice 552 of 2007.

A government grant related to a non-current asset with a useful life (e.g. PPE, intangible assets, etc.), including non-monetary grants at fair value, are presented in the statement of financial position as deferred income that is recognised as income on a systematic and rational basis over the useful life of the asset.

11. REVENUE RECOGNITION (continued)

11.2 Revenue from Non-exchange Transactions

11.2.1 Rates and Taxes

Revenue from property rates is recognised when the legal entitlement to this revenue arises. Collection charges are recognised when such amounts are legally enforceable. Penalty interest on unpaid rates is recognised on a time proportion basis.

11.2.2 Fines

Fines constitute both spot fines and summonses. Revenue from spot fines and summonses is recognised when payment is received, together with an estimate of spot fines and summonses that will received based on past experience of amounts collected.

11.2.3 Donations and Contributions

Donations are recognised on a cash receipt basis or where the donation is in the form of property, plant and equipment, when such items of property, plant and equipment are brought into use.

Contributed property, plant and equipment are recognised when such items of property, plant and equipment are brought into use.

11.2.4 Revenue from Recovery of Unauthorised, Irregular, Fruitless and Wasteful Expenditure

Revenue from the recovery of unauthorised, irregular, fruitless and wasteful expenditure is based on legislated procedures, including those set out in the Municipal Finance Management Act (Act No.56 of 2003) and is recognised when the recovery thereof from the responsible councillors or officials is virtually certain. Such revenue is based on legislated procedures.

12. CONDITIONAL GRANTS AND RECEIPTS

Revenue received from conditional grants, donations and funding are recognised as revenue to the extent that the municipality has complied with any of the criteria, conditions or obligations embodied in the agreement. To the extent that the criteria, conditions or obligations have not been met a liability is recognised.

13. PROVISIONS

Provisions are recognised when the municipality has a present or constructive obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the provision can be made. Provisions are reviewed at reporting sheet date and adjusted to reflect the current best estimate. Non-current provisions are discounted to the present value using a discount rate based on the average cost of borrowing to the municipality.

14. POST-RETIREMENT BENEFITS

14.1 General

The municipality provides retirement benefits for its employees and councillors.

A **defined benefit plan** is a plan that defines an amount of benefit that an employee will receive on retirement. A **defined contribution plan** is a plan under which the municipality pays fixed contributions into a separate entity. The municipality has no legal or constructive obligation to pay further contributions if the fund does not hold sufficient assets to pay all employees the benefits relating to service in the current or prior periods.

Contributions to defined contribution retirement benefit funds are recognised as an expense when employees and councillors have rendered employment service or served office entitling them to the contributions.

In the 2005/2006 Annual Financial Statements the defined benefit plans of the municipality was treated as a defined contribution plan, whereas in the 2006/2007 year the municipality adhered to the requirements of IAS19.

14. POST-RETIREMENT BENEFITS (continued)

Own administered defined benefit plan

The defined benefit obligation, the related current cost and where applicable, past-service cost, is determined by using the Projected Unit Credit Method. The last actuarial valuations for both the Long-service Bonus Liability and the Medical Aid Liability for current and continuation members of the municipality were performed as at 30 June 2007.

A portion of the actuarial gains and losses is recognised as revenue or expense, provided the net cumulative actuarial gains and losses at the end of the previous reporting period exceed the greater of:

- 10% of the present value of the defined benefit obligation at that date (before deducting plan assets); and
- 10% of the fair value.

The portion of the actuarial gains and losses to be recognised is equal to the excess calculated, using the above limits and divided by the expected average remaining working lives of employees participating in the plan. Unvested past-service cost is recognised as an expense on the straight-line basis over the average period until the benefits become vested, while vested past-service costs are recognised as an expense in the Statement of Financial Performance.

Provincially administered defined benefit plan

The contributions to fund obligations for the payment of retirement benefits are charged against revenue in the year they become payable. The defined benefit funds, which are administered on a provincial basis, are actuarially valued triennially on the projected unit credit method basis. Deficits identified are recognised as a liability and are recovered through lump sum payments or increased future contributions on a proportional basis to all participating municipalities.

14.2 Medical Aid: Continued Members

The Municipality provides certain post retirement medical benefits by funding the medical aid contributions of certain retired members of the Municipality. According to the rules of the Medical Aid Funds, with which the Municipality is associated, a member (who is on the current conditions of service), on retirement, is entitled to remain a continued member of the medical aid fund, in which case the Municipality is liable for a certain portion of the medical aid

14. POST-RETIREMENT BENEFITS (continued)

membership fee. The other medical aid funds, with which the Municipality is associated, do not provide for continued membership.

15. LEASES

15.1 The Municipality as Lessee

Leases are classified as finance leases where substantially all the risks and rewards associated with ownership of an asset are transferred to the municipality. Property, plant and equipment subject to finance lease agreements are capitalised at their cash cost equivalent and the corresponding liabilities are raised. The cost of the item of property, plant and equipment is depreciated at appropriate rates on the straight-line basis over its estimated useful life. Lease payments are allocated between the lease finance cost and the capital repayment using the effective interest rate method. Lease finance costs are expensed when incurred.

Operating leases are those leases that do not fall within the scope of the above definition. Operating lease rentals are recognised on the straight-line basis over the term of the relevant lease.

15.2 The Municipality as Lessor

Amounts due from lessees under finance leases or instalment sale agreements are recorded as receivables at the amount of the Municipality's net investment in the leases. Finance lease or instalment sale income is allocated to accounting periods so as to reflect a constant periodic rate of return on the Municipality's net investment outstanding in respect of the leases or instalment sale agreements.

Operating lease rental income is recognised on a straight-line basis over the term of the relevant lease.

16. BORROWING COSTS

Borrowing costs are recognised as an expense in the Statement of Financial Performance.

17. VALUE ADDED TAX

The Municipality accounts for Value Added Tax on the cash basis.

18. CASH AND CASH EQUIVALENTS

Cash includes cash-on-hand and cash with banks. Cash equivalents are short-term highly liquid investments that are held with registered banking institutions with maturities of three months or less and are subject to an insignificant risk of change in value.

For the purposes of the cash flow statement, cash and cash equivalents comprise cash on hand, deposits held on call with banks and investments in financial instruments, net of bank overdrafts.

Bank overdrafts are recorded based on the facility utilised. Finance charges on bank overdrafts are expensed as incurred.

19. UNAUTHORISED EXPENDITURE

Unauthorised expenditure is expenditure that has not been budgeted, expenditure that is not in terms of the conditions of an allocation received from another sphere of government, municipality or organ of state and expenditure in the form of a grant that is not permitted in terms of the Municipal Finance Management Act (Act No.56 of 2003). Unauthorised expenditure is accounted for as an expense in the Statement of Financial Performance and where recovered, it is subsequently accounted for as revenue in the Statement of Financial Performance.

20. IRREGULAR EXPENDITURE

Irregular expenditure is expenditure that is contrary to the Municipal Finance Management Act (Act No.56 of 2003), the Municipal Systems Act (Act No.32 of 2000), the Public Office Bearers Act (Act No. 20 of 1998) or is in contravention of the Municipality's or Municipal Entities' supply chain management policies. Irregular expenditure excludes unauthorised expenditure. Irregular expenditure is accounted for as expenditure in the Statement of Financial Performance and where recovered, it is subsequently accounted for as revenue in the Statement of Financial Performance.

21. FRUITLESS AND WASTEFUL EXPENDITURE

Fruitless and wasteful expenditure is expenditure that was made in vain and would have been avoided had reasonable care been exercised. Fruitless and wasteful expenditure is accounted for as expenditure in the Statement of Financial Performance and where recovered, it is subsequently accounted for as revenue in the Statement of Financial Performance.

22. FOREIGN CURRENCIES

Transactions in foreign currencies are initially recorded at the prevailing exchange rate on the dates of the transactions. Monetary assets and liabilities denominated in such foreign currencies are retranslated at the rates prevailing at the reporting date. Exchange differences are included in the Statement of Financial Performance.

23. COMPARATIVE INFORMATION

23.1 Current year comparatives

Budgeted amounts have been included in the Annual Financial Statements for the current financial year only.

23.2 Prior year comparatives

When the presentation or classification of items in the Annual Financial Statements is amended, prior period comparative amounts are reclassified. The nature and reason for the reclassification is disclosed.

The amount for Unspent Conditional Grants and Receipts are invested in ring-fenced investment accounts until utilised.

7 VAT

Vat Payable 4,668,537 11,797,889

Vat is payable on the receipts basis. Only once payment is reveived from debtors, VAT is paid over to SARS.

8 PROPERTY, PLANT AND EQUIPMENT

The Municipality has taken advantage of the transitional provisions set out in GAMAP 17. The Municipality is in the process of itemising all infrastructure and community assets and will recalculate accumulated depreciation once this exercise has been completed by 30 June 2008. At present depreciation on these assets is calculated on an averaging basis whereby an average useful life has been estimated for each category of infrastructure and community assets, using global historical costs recorded in the accounting records. Furthermore, the Municipality has not assessed whether items of property, plant and equipment are impaired. It is expected that an assessment of impairments will be done by 30 June 2008.

(Refer to Appendices "B, C and E (2)" for more detail on Property, Plant and Equipment, including those in the course of construction.)

Land and Buildings were revalued to fair value by using the municipal valuation roll. The effective date of revaluation was 01 July 2004. The valuation was done by Nhlawini Consultants, registered and independent valuators. The NHBR indices, which indicate current building costs, were used to determine replacement values.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2007

2007	2006
R	R

STUDY LOANS

In terms of the MFMA no Study Loans are granted to officials anymore. The outstanding amount is in respect of loans granted before 01 July 2005 and will continue until all loans have been repaid.

TOWNSHIP DEVELOPMENT

No Development Loans are granted to officials and public anymore. The outstanding amount is in respect of loans granted before 01 July 2005 and will be recovered over the remaining period of the loan agreements.

CAPITALISED ARREAR SERVICES

Arrear amounts on services are capitalised on completion of a formal agreement. These arrear amounts are then paid to the municipality in monthly instalments over a period not exceeding 60 months. No interest is charged on these amounts where the stipulations of the agreement are adhered to.

The provision for doubtful debts on other debtors (loans and receivables) exists predominantly due to the possibility that these debts will not be recovered. Loans and receivables were assessed individually and grouped together at the Statement of Financial Position as financial assets with similar credit risk characteristics and collectively assessed for impairment.

	2007 R	2006 R
The total amount of the provision for doubtful debts created is R1 048 258 and the following loans and receivables are included therein:		
Study Loans	808,569	-
Government Subsidy Claims Township Development	239,688	-
Total Provision for Bad Debts on Other Debtors	1,048,258	-

	Assessment Rates are levied on the value of land and improvements, which valuation is performed every five years. The last valuation came into effect on 1 July 2004. Interim valuations are processed on an annual basis to take into account changes in individual property values due to alterations and subdivisions. A general rate of 2,0187 c/R (2005/2006: 1,7687 c/R) is applied to property valuations to determine assessment rates. Rebates of 40% are applied to pensioners. A discount of 20% was granted to the State. Rates are levied monthly and are payable the 7th of each month. Interest on outstanding rates amounts is levied at a rate determined by council. A uniform rate for the same class and type of property will be applied with the implementation of the Property Rrates Act. It is envisaged that such rate will be introduced with effect as from 01 July 2008.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2007

2007	2006
R	R

26 CHANGE IN ACCOUNTING POLICY

The municipality adopted the following International Accounting Standards for the first time during the financial year 2006/2007 in order to comply with the basis of preparation of the Annual Financial Statements as disclosed in Accounting Policy 1:

- IAS 19 Employee Benefits
- IAS 32 Financial Instruments: Presentation
- IAS 38 Intangible Assets

The transitional provisions of the above-mentioned standards have not been adopted, with the exception of the transitional provisions of IAS 19. The transitional provisions of IAS 19 have been adopted as follows:

IAS 19 - Employee Benefits, paragraph 155 (a):

The transitional defined benefit liabilities for Post-employment Health Care Benefits and Long Service Allowances have been recognised in the Annual Financial Statements of the municipality as at 30 June 2007 in terms of IAS 19, 155 (a). Thus the full net liabilities as at 30 June 2007 has been recognised immediately in the

The effect of the above-mentioned changes in Accounting Policies on the profit and loss is a decrease of R35,5 million for the financial year 2006/2007 and the nature of the changes in the Accounting Policies is as follows:

Total decrease in	Surplus for the Year 2006/2007	51,032,172	-
- IAS 38	Effect on Intangible Assets	1,795,939	-
- IAS 38	Effect on Property, Plant and Equipment	(1,795,939)	-
- IAS 32 & 39	Increase in expense for Provision for Bad Debts	1,048,258	-
- IAS 19	Increase in expense for Employee Benefits	49,983,914	-

The effect of the above-mentioned changes in Accounting Policies on the accumulated surplus as at 30 June 2007 is a decrease of R51,032 million, whilst the accumulated surplus of prior years was not affected.

27 CORRECTION OF ERROR

Corrections were made and appropriated to the Accumulated Surplus Account during the financial years ended 30 June 2006 and 30 June 2007.

Details of the appropriations are as follows:

Corrections to Creditors	808,552	7,953,434
Corrections to Debtors	(81,047)	(12,151,718)
Corrections to External Loans	(16,465)	(786,644)

No in-kind donations and assistance was received.

38 PRIVATE PUBLIC PARTNERSHIPS

Council has not entered into any private public partnerships during the financial year 2006/2007.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2007

2007 2006 R R

39 EVENTS AFTER THE REPORTING DATE

39.1 Electricity Function:

The Municipality has agreed in principle to transfer its electricity function to the new Regional Electricity Distributor (RED) – Region AB. The date of transfer is unknown at this stage. The financial effect of this transfer is not yet known as the Municipality is uncertain as to what its share of the revenues of the RED will be or what the terms and conditions will be. There is ongoing discussions with the management of RED Region AB and EDI Holdings, which is the responsible authority for the implementation of RED's nationally.

39.2 Primary Health Care Function:

The Municipality has agreed in principle to transfer the Primary Health Services to the Mphumalanga Provincial Government as from 1 July 2007. All staff, equipment and vehicles are to be transferred, but the immovable properties remain the assets of the municipality, which will be rented to Province. However, at the Reporting Date no agreements were finalised and the Municipality is still responsible for the operations and funding of the services until further notice.

40 COMPARISON WITH THE BUDGET

The comparison of the municipality's actual financial performance with that budgeted, is set out in Annexures "E (1) and E (2)".

41 RISK EXPOSURES

The municipality is at risk in the following areas:

- Credit Risk, which is defined as the risk that one party to a financial instrument will fail to honour its obligation, thus causing the other party to incur a financial loss.
- (ii) Interest Rate Risk, which is defined as the risk that the fair value or future cash flows associated with a financial instrument will fluctuate in amount as a result of market interest changes.

Potential concentrations of credit risk and interest rate risk consist mainly of fixed deposit investments, long-term debtors, consumer debtors, other debtors, short-term investment deposits and bank and cash balances.

The municipality limits its counterparty exposures from its money market investment operations by only dealing with well-established financial institutions of high credit standing. The credit exposure to any single counterparty is managed by setting transaction / exposure limits, which are included in the municipality's Investment Policy. These limits are reviewed annually by the CFO and authorised by the

Consumer debtors comprise of a large number of ratepayers, dispersed across different industries and geographical areas. Ongoing credit evaluations are performed on the financial condition of these debtors. Consumer debtors are presented net of an allowance for doubtful debt.

In the case of debtors whose accounts become in arrears, it is endeavoured to collect such accounts by "levying of penalty charges", "demand for payment", "restriction of services" and, as a last resort, "handed over for collection", whichever procedure is applicable in terms of Council's Credit Control and Debt Collection Policy.

Long-term Receivables and Other Debtors are individually evaluated annually at balance Sheet date for impairment or discounting. A report on the various categories of debtors is drafted to substantiate such evaluation and subsequent impairment / discounting, where applicable.

	2007 R	2006 R
The maximum credit and interest risk exposure in respect of the relevant financial		
instruments is as follows:		
Fixed Deposit Investments	65,042,864	60,056,619
Long-term Receivables	57,745,267	79,314,626
Consumer Debtors	42,035,348	31,752,158

47 EXEMPTIONS FROM MUNICIPAL FINANCE MANAGEMENT ACT, 2003

The Minister of Finance has, in terms of General Notice 552 of 2007 exempted compliance with certain of the Standards and aspects or parts of these Standards listed in Accounting Policy 1. In the table set out below, the exemptions offered have been listed together with an indication of the process that the municipality will follow regarding plans to implement the exemptions. Furthermore the extent to which information in the AFS would need to be adjusted to achieve compliance with the exempted standards has also been stated in the table:

GOVAN MBEKI MUNICIPALITY ACTUAL VERSUS BUDGET (REVENUE AND EXPENDITURE) FOR THE YEAR ENDED 30 JUNE 2007

ACTUAL VERSUS B	2006/2007	2006/2007	2006/2007	2006/2007	THE YEAR ENDED 30 JUNE 2007 Explanation of Significant Variances
Description	Actual	Budget	Variance	Variance	greater than 10% versus Budget
		ŭ			greater than 10% versus budget
DEVIDATE	R	R	R	%	
REVENUE	110 110 220	100 050 700	150 620	0.14	
Property Rates	110,119,339	109,959,700	159,639	0.14	
Service Charges	298,640,689	302,386,000	(3,745,311)	(1.25)	
Rental of Facilities and Equipment	3,877,750	3,279,500	598,250		Good performance by relevant departments
Interest Earned - External investments	5,681,466	5,897,600	(216,134)	(3.80)	
Interest Earned - Outstanding debtors	29,024,167	20,026,300	8,997,867		Increase due to increased outstanding amounts for debtors
Dividends Received	23,386	-	23,386		Small amount received
Fines	3,565,301	4,493,700	(928,399)		Under performance of the Traffic Department
Licences and Permits	4,676,741	7,974,700	(3,297,959)		Under performance of the Traffic Department
Government Grants and Subsidies	174,655,873	74,703,700	99,952,173	57.23	Capital grant receipts now have to be included in performance statement
Other Income	11,110,381	9,085,900	2,024,481	18.22	Due to the increase in service delivery in other areas of council
Public Contributions and Donations	90,360	-	90,360	100.00	All public contributions now have to be included in performance statement
Gains on Disposal of Property, Plant and Equipment	7,357,328	2,110,000	5,247,328	71.32	Sale of erven now credited to Inventory for Unsold Properties
Total Revenue	648,822,781	539,917,100	108,905,681	20.17	
EXPENDITURE					
Employee Related Costs	226,883,908	181,239,420	45,644,488	20.12	Due to provision made for Long-term Service & Post-retirement Benefits
Remuneration of Councillors	10,743,072	9,709,600	1,033,472	9.62	
Bad Debts	61,058,254	60,010,000	1,048,254	1.72	Additional contribution from Accumulated Surplus expensed from Revenue
Collection Costs	9,688,650	7,179,690	2,508,960	25.90	Special attempts to collect arrears had been done, increased payment rate
Depreciation	72,063,514	589,100	71,474,414		Budgeted for capital redemption - not aligned to GRAP-format
Repairs and Maintenance	22,418,262	30,686,430	(8,268,168)	(36.88)	Repair and Maintenance projects start late in the financial year
Interest Paid	13,444,391	22,325,650	(8,881,259)		Internal interest now has to be excluded from the performance statement
Bulk Purchases	135,059,636	131,582,700	3,476,936	2.57	
Contracted Services	16,456,419	14,835,900	1,620,519	9.85	Increase need in contracted services, due to lack of capacity
Grants and Subsidies Paid	82,428,764	27,036,200	55,392,564		All capital expenditure now to be excluded from performance statement
General Expenses	65,760,265	54,726,340	11,033,925		Increase in service delivery
Loss on disposal of Property, Plant and Equipment	55,907	,. 20,5 .0	55,907		Loss on Insurance claims
	33,707		22,707	100.00	
Total Expenditure	716,061,040	539,921,030	176,140,010	32.62	
NET SURPLUS / (DEFICIT) FOR THE YEAR	(67.239.250)	(3.030)	(67 224 220)	(1 710 702 93)	
NET SURPLUS / (DEFICIT) FOR THE YEAR	(67,238,259)	(3,930)	(67,234,329)	(1,710,792.83)

GRAP, GAMAP and/or SA GAAP Requirement(s) exempted in terms of General Notice 552 of 2007	Exem ption Adopt ed	COM MUNICIPAL FINANCE MANAGEMENT ACT Description of implementation plans that still need to be implemented to achieve full compliance with	Extent to which information in the AFS would need
Requirement(s) exempted in terms of General Notice 552 of 2007	ption Adopt ed	be implemented to achieve full compliance with	
	Y/N	exempted Standards	to be adjusted to achieve compliance with the exempted Standards
dentification and impact of GRAP tandards that have been issued but re not yet effective (GRAP 3.30 – 1). A list of these standards is as ollows:	Υ	The following GRAP standards have been issued but are not yet effective. The implementation plans that still need to be implemented to achieve full compliance with the standards are set out below:	
GRAP 4 The Effects of Changes in oreign Exchange Rates GRAP 5 Borrowing Costs GRAP 6 Consolidated AFS GRAP 7 Associates GRAP 9 Revenue GRAP 10 Financial Reporting in lyperinflationary Economies GRAP 11 Construction Contracts GRAP 12 Inventories GRAP 13 Leases GRAP 14 Events After the Reporting late GRAP 16 IP GRAP 17 PPE GRAP 18 Segment Reporting GRAP 19 Provisions, Contingent liabilities and Contingent seets GRAP 100 Non Current assets held or sale		GRAP 4,6,7,8,9,12,17,19. Currently the municipality adheres to the requirements of the comparable GAMAP standards. Determine the difference between the applicable accounting treatment and disclosure requirements of the GAMAP versus the GRAP standards and make any necessary adjustments to the AFS. GRAP 5, Borrowing Costs. Determine the applicable accounting treatment and disclosure requirements of GRAP 5 for the municipality. GRAP 10 and 11. The municipality does not have these types of transactions. GRAP 13, 14, 16, 18, 100, 101 and 102. The municipality adheres to the requirements of the comparable GAAP standards except for the exemptions adopted as set out below per standard.	Highly likely that no adjustments to the AFS will be required as there are no fundamental differences between these GAMAP and GRAP standards. A portion of interest cost on interest bearing borrowings, in respect of assets that take a substantial period of time for construction and before they are ready for use, may be capitalised to the relevant asset and will result in interest cost in the Statement of Financial Performance reducing and the cost of the asset increasing. No adjustment required.
GRA GRA GRA GRA GRA GRA GRA GRA GRA GRA	P 13 Leases P 14 Events After the Reporting P 16 IP P 17 PPE P 18 Segment Reporting P 19 Provisions, Contingent lities and Contingent ets P 100 Non Current assets held	P 13 Leases P 14 Events After the Reporting P 16 IP P 17 PPE P 18 Segment Reporting P 19 Provisions, Contingent lities and Contingent ets P 100 Non Current assets held ale P 101 Agriculture	P 13 Leases P 14 Events After the Reporting P 16 IP P 17 PPE P 18 Segment Reporting P 19 Provisions, Contingent lities and Contingent ets P 100 Non Current assets held ale P 101 Agriculture GRAP 10 and 11. The municipality does not have these types of transactions. GRAP 13, 14, 16, 18, 100, 101 and 102. The municipality adheres to the requirements of the comparable GAAP standards except for the exemptions adopted as set out below per standard.

Std Nr	Standard title	GRAP, GAMAP and/or SA GAAP Requirement(s) exempted in terms of General Notice 552 of 2007	Adopt ed Y/N	Description of implementation plans that still need to be implemented to achieve full compliance with exempted Standards	Extent to which information in the AFS would need to be adjusted to achieve compliance with the exempted Standards
GRAP 03 (cont)	Accounting policies, changes in accounting estimates and errors	Changes in accounting policies (GRAP 3.14, 19)	N	No action plans are required. Where it is practicable to do so, all changes in accounting policy are dealt with by the municipality retrospectively and disclosed as such in accordance with the requirements of GRAP 3.	No adjustments to the AFS are required.
Std Nr	Standard title	GRAP, GAMAP and/or SA GAAP Requirement(s) exempted in terms of General Notice 552 of 2007	Adopt ed Y/N	Description of implementation plans that still need to be implemented to achieve full compliance with exempted Standards	Extent to which information in the AFS would need to be adjusted to achieve compliance with the exempted Standards

GAMA P 12	Inventories	The entire standard as far as it relates to immovable capital assets inventory that is accounted for in terms of GAMAP17.	N	The municipality has accounted for its immovable capital assets as Inventories where applicable.	None
Std Nr	Standard title	GRAP, GAMAP and/or SA GAAP Requirement(s) exempted in terms of General Notice 552 of 2007	Adopt ed Y/N	Description of implementation plans that still need to be implemented to achieve full compliance with exempted Standards	Extent to which information in the AFS would need to be adjusted to achieve compliance with the exempted Standards

GAMA P 12 (cont)	Inventories	The entire standard as far as it relates to water stock that was not purchased by the municipality.	N	The municipality included its water stock on hand at year end in its inventories.	None
Std Nn	Standard title	GRAP, GAMAP and/or SA GAAP Requirement(s) exempted in terms of General Notice 552 of	Adopt ed Y/N	Description of implementation plans that still need to be implemented to achieve full compliance with exempted Standards	Extent to which information in the AFS would need to be adjusted to achieve compliance with the exempted Standards

		2007				
GAMA P 17	Property, plant and equipment	Review of useful life of items of PPE recognised in the annual financial statements (GAMAP 17.69 – 61, 77)	Y	1) 2) 3)	CFO to issue a memo to all departmental managers at year end to request them to ensure that the remaining useful life of all items of PPE as reflected for assets under their control per the FAR is realistic. Departmental managers should inform the manager responsible for assets of items of PPE with remaining useful lives shorter or longer than those reflected on the FAR at year end. Pass necessary accounting entries and also do necessary disclosure of the change in estimate.	The following adjustments will need to be made to the AFS if the review of useful lives of PPE result in a change in estimate. 1) The depreciation charge for the year in which the change in estimate takes place as well as for all other years of the remaining useful life of the asset will be adjusted. This change in accounting treatment will therefore take place prospectively. 2) A note on the change in estimate will be disclosed if the change in estimate is material.
GAMA P 17 (cont)	Property, plant and equipment	Review of depreciation method applied to PPE recognised in the Annual Financial Statements (GAMAP 17.62, 77)	Y	1) 2) 3) 4)	CFO to issue a memo to all departmental managers at year end to request them to ensure that the depreciation method used to depreciate all items of PPE as reflected as being under their control per the FAR is realistic. CFO to review the depreciation method used to depreciate different classes of assets annually to assess its applicability for each class of asset. Departmental managers should inform the manager responsible for assets of items of PPE with remaining useful lives shorter or longer than those reflected on the FAR at year end. Pass necessary accounting entries and also do necessary disclosure of the change in estimate.	The following adjustments will need to be made to the AFS if the review of depreciation methods of PPE results in a change in estimate. 1) The depreciation charge for the year in which the change in estimate takes place as well as for all other years of the remaining useful life of the asset will be adjusted. This change in accounting treatment will therefore take place prospectively. 2) A note on the change in estimate will be disclosed if the change in estimate is material.

Std Nr	Standard title	GRAP, GAMAP and/or SA GAAP Requirement(s) exempted in terms of General Notice 552 of 2007	Adopt ed Y/N	Description of implementation plans that still need to be implemented to achieve full compliance with exempted Standards	Extent to which information in the AFS would need to be adjusted to achieve compliance with the exempted Standards
	Property, plant and equipment	Impairment of non-cash generating assets (GAMAP 17.64 – 69, 75(e)(v) - (vi))	Y	 Identify items of PPE that may have suffered impairment losses at year end by issuing a memo to all departments requesting them to identify assets that: Are in a state of permanent damage at year end (no impairment losses will be recognised in respect of assets damaged that will be repaired after year end); Are stolen at year end (impairment loss is recorded equal to the carrying amount of stolen assets at the date of the theft); Are technologically obsolete at year end (this can be facilitated by supplying departments with a FAR printout pertaining to major assets showing the remaining useful lives of assets - the departments can then assess and indicate cases where the assessed remaining useful life is shorter than the remaining useful life on the printout); Have remained idle for a considerable period either prior to them being put into use at year end or during their useful life. Show that they are not performing according to their specifications or according to industry accepted norms. Calculate and record impairment losses by determining the difference between the asset's carrying amount and its recoverable (service) amount where the recoverable amount is less than the asset's carrying amount. 	The following adjustments will need to be made to the AFS if impairment losses are calculated and disclosed for the first time: 1) The carrying amount of PPE will be reduced. 2) The reconciliation between the opening and closing balance of the carrying amount of PPE will have to reflect impairment losses. 3) The accounting policy relating to PPE will have to be amended to indicate how the entity deals with and discloses impairment losses. 4) The impairment loss itself should be reflected in the notes to the Statement of Financial Performance, if material. 5) All disclosure requirements as required by IPSAS 21.

Std Nr	Standard title	GRAP, GAMAP and/or SA GAAP Requirement(s) exempted in terms of General Notice 552 of 2007	Adopt ed Y/N	Description of implementation plans that still need to be implemented to achieve full compliance with exempted Standards	Extent to which information in the AFS would need to be adjusted to achieve compliance with the exempted Standards
GAMA P 17 (cont)	Property, plant and equipment	Impairment of cash generating assets (GAMAP 17.63, 75(e)(v) – (vi))	Y	 Identify items of PPE that may have suffered impairment losses at year end by issuing a memo to all departments requesting them to identify assets that: Are in a state of permanent damage at year end (no impairment losses will be recognised in respect of assets damaged that will be repaired after year end); Are stolen at year end (impairment loss is recorded equal to the carrying amount of stolen assets at the date of the theft); Are technologically obsolete at year end (this can be facilitated by supplying departments with a FAR printout pertaining to major assets showing the remaining useful lives of assets - the departments can then assess and indicate cases where the assessed remaining useful life is shorter than the remaining useful life on the printout); Have remained idle for a considerable period either prior to them being put into use at year end or during their useful life. Show that they are not performing according to their specifications or according to industry accepted norms. Calculate and record impairment losses by determining the difference between the asset's carrying amount and its recoverable (service) amount where the recoverable amount is less than the asset's carrying amount. 	The following adjustments will need to be made to the AFS if impairment losses are calculated and disclosed for the first time: 1) The carrying amount of PPE will be reduced. 2) The reconciliation between the opening and closing balance of the carrying amount of PPE will have to reflect impairment losses. 3) The accounting policy relating to PPE will have to be amended to indicate how the entity deals with and discloses impairment losses. 4) The impairment loss itself should be reflected in the notes to the Statement of Financial Performance, if material. 5) All disclosure requirements as required by IAS 36.

Std Nr	Standard title	GRAP, GAMAP and/or SA GAAP Requirement(s) exempted in terms of General Notice 552 of 2007	Adopt ed Y/N	Description of implementation plans that still need to be implemented to achieve full compliance with exempted Standards	Extent to which information in the AFS would need to be adjusted to achieve compliance with the exempted Standards
IAS 14 AC 115	Segment reporting	Entire standard	Y	 Obtain an understanding of the definitions of business segments and geographical segments as set out in IAS 14. Determine the business and geographical segments of the municipality. Decide on the primary and secondary reporting formats for the entity. Therefore a decision must be made whether business is primary and geographical secondary or vice versa. Change the chart of accounts and accounting software package to ensure that the segmental revenue, expenses, results, assets and liabilities can be accounted for and presented in the AFS according to the primary and secondary reporting formats. 	The AFS will have to be adjusted to ensure that the disclosure requirements of IAS 14.51 to .67 relating to segment information are met. The primary reporting format requires inter alia, disclosure of: 1) Segment revenue for every reportable segment. 2) Segment results for every reportable segment. 3) Segment assets for every reportable segment. 4) The total cost incurred during the period to acquire reportable segment long term assets. 5) A reconciliation between the information disclosed for reportable segments and the information in the entity's own financial statements. Based on the decision of the entity whether business or geographical segments are the primary reporting
					format, the secondary reporting format requirements as set out in IAS 14 will also need to be disclosed in the AFS.

IAS17 AC 105	Leases	Recognising operating lease payments / receipts on a straight-line basis if the amounts are recognised on the basis of the cash flows in the lease agreement (IAS 17.33 – 34 and 50 – 51 and SAICA circular 12/06.8 – 11)	N	The municipality accounts for its leases on the straight line basis where applicable.	
IAS 19 (AC 116)	Employee benefits	Defined benefit accounting as far as it relates to defined benefit plans accounted for as defined contribution plans and defined benefit obligation disclosed by narrative information (IAS 19.29, 48 – 119 and 120A(c) – (q))	N	The municipality accounts for its defined benefit plans in accordance with the accounting treatment and disclosure requirements for the accounting for defined benefit plans as set out in IAS 19.	No adjustments to the AFS are required as the municipality already complies with the requirements of IAS 19.
IAS 20	Accounting for government grants	Entire standard excluding paragraphs 24 and 26, replaced by GAMAP 12.8, 17.25 and 9.42 – 46.	Y	 Currently all conditional capital grants received for the purchase of PPE are accounted for in terms of the NT GRAP implementation guidelines dated June 2005 and also GAMAP 9.42 to 46. On receipt of a conditional capital government grant the amount is banked and reflected as a current liability called Unspent Conditional Grants and Receipts. Once the amount is spent in accordance with the grant conditions a transfer is made from the current liability to the Statement of Financial Performance equal to the amount that has been spent during the financial year in accordance with the grant conditions. Thereafter an equal amount is transferred from the Accumulated Surplus to the Government Grant Reserve (GGR) on the statement of Changes in Net Assets. Annually an 	1) Unbundle the balance on the GGR and transfer it to a deferred income account. 2) Capital Grants utilised will no longer be transferred to a GGR via the Statement of Financial Performance and the Statement of Changes in Net Assets. Once an amount is utilised it will be transferred directly from the unspent capital conditional grants creditor to a creditor called deferred income. Therefore the GGR (Reserve) will be replaced by a creditor called deferred income. 3) In future a transfer will be made from the deferred income account to the Statement of Financial Performance to annually offset the amount of depreciation in respect of assets funded from

				amount is transferred from this reserve to accumulated surplus equal to the amount of depreciation on assets funded from government grants. The purpose of this policy is to promote community equity by ensuring that the future depreciation expenses that will be incurred over the useful lives of government grant funded items of property, plant and equipment are offset by transfers from this reserve to the accumulated surplus/ (deficit). 3) On the implementation of IAS 20, unbundled the GGR by transferring the balance to a deferred income account. 4) For future depreciation charges in respect of assets that have a carrying amount equal to the deferred income account on the date of the unbundling of the GGR, ensure that an amount equal to the depreciation charge is transferred from deferred income to the Statement of Changes in Net As accumulated surplus to offset depreciation on the Statement of Changes in Net As accumulated surplus to offset depreciation on the Statement of Changes in Net As accumulated surplus to offset depreciation on the Statement of Changes in Net As accumulated surplus to offset depreciation on the Statement of Changes in Net As accumulated surplus to offset depreciation on the Statement of Changes in Net As accumulated surplus to offset depreciation on the Statement of Changes in Net As accumulated surplus to offset depreciation on the Statement of Changes in Net As accumulated surplus to offset depreciation on the Statement of Changes in Net As accumulated surplus to offset depreciation on the Statement of Changes in Net As accumulated surplus to offset depreciation on the Statement of Changes in Net As accumulated surplus to offset depreciation on the Statement of Changes in Net As accumulated surplus to offset depreciation on the Statement of Changes in Net As accumulated surplus to offset depreciation on the Statement of Changes in Net As accumulated surplus to offset depreciation on the Statement of Changes in Net As accumulated surplus to offset depreciation on the Statement of Chan	to the will be
Std Nr	Standard title	GRAP, GAMAP and/or SA GAAP Requirement(s) exempted in terms of General Notice 552 of 2007	Adopt ed Y/N		

IAS 36 (AC	Impairment of assets	Entire standard	Y	1) Identify items of PPE that may have suffered impairment losses at year end by issuing a memo
128)				to all departments requesting them to identify 1). The corruing amount of RRE will be reduced
				 Are in a state of permanent damage at year end (no impairment losses will be recognised in respect of assets damaged that will be repaired after year The reconciliation between the opening and closing balance of the carrying amount of PPE will have to reflect impairment losses.
				end); Are stolen at year end (impairment loss is recorded equal to the carrying amount of stolen assets at the date of the theft): The accounting policy relating to PPE will have to be amended to indicate how the entity deals with and discloses impairment losses.
				Are technologically obsolete at year end (this can be facilitated by supplying departments with a FAR printout pertaining to major assets showing the
				remaining useful lives of assets - the departments can then assess and indicate cases where the assessed remaining useful life is shorter than the remaining useful life on the printout); 5) All disclosure requirements as required by IAS 36.
				Have remained idle for a considerable period either prior to them being put into use at year end or during their useful life.
				Show that they are not performing according to their specifications or according to industry accepted norms.
				2) Calculate and record impairment losses by determining the difference between the asset's carrying amount and its recoverable (service) amount where the recoverable amount is less than
				the asset's carrying amount.

Std Nr	Standard title	GRAP, GAMAP and/or SA GAAP Requirement(s) exempted in terms of General Notice 552 of 2007	Adopt ed Y/N	Description of implementation plans that still need to be implemented to achieve full compliance with exempted Standards	Extent to which information in the AFS would need to be adjusted to achieve compliance with the exempted Standards
IAS 38 (AC 129)	Intangible assets	The entire standard except for the recognition, measurement and disclosure of computer software and website costs (SIC 32) and all other costs are expensed	N	The municipality adhered to IAS 38 where applicable.	Std Nr
Std Nr	Standard title	GRAP, GAMAP and/or SA GAAP Requirement(s) exempted in terms of General Notice 552 of 2007	Adopt ed Y/N	Description of implementation plans that still need to be implemented to achieve full compliance with exempted Standards	Extent to which information in the AFS would need to be adjusted to achieve compliance with the exempted Standards
(AC 133)	Financial instruments: recognition and measurement	Initially measuring financial assets and liabilities at fair value(IAS 39.43, AG79, AG64 – AG65 and SAICA circular 9/06)	N	All the applicable sections regarding the accounting recognition and measurement requirements relating to Financial Instruments as set out in IAS 39 are adhered to by the municipality.	No adjustments will need to be made to the AFS as the municipality already fully complies with the requirements of IAS39.

AS 40 (AC 135)	Standard title	The entire standard to the extent that the property is accounted for in terms of GAMAP 17	Adopt	 Prepare a list of all possible names under which property belonging to the municipality could have been registered in the past. Perform a title deeds search using all these names mentioned in 1) above to identify all land and buildings under the control of the municipality. Compare the results of the title deeds search to the Fixed Asset Register and the Valuation roll and adjust the FAR to reflect all land and buildings under the control of the municipality. Value all land and buildings, which were previously not reflected on the FAR at fair value where historical cost prices and acquisition dates are unknown. Identify and reclassify as Investment Property (IP) all land and buildings reflected on the updated FAR meeting the definition of Investment Property as per IAS 40. Decide on an accounting policy for the subsequent measurement of IP i.e. cost price less accumulated depreciation or Fair Value. Ensure that the necessary procedures are put in place to ensure the proper accounting treatment of IP after initial recognition to deal with the accounting for subsequent expenditure, disposal of IP, transfers of IP, Fair value increases etc. Description of implementation plans that still need to	The following adjustments will need to be made to the AFS if IAS 40 is implemented and if IP is measured at Fair Value. The criteria developed by the municipality to distinguish investment property from owner-occupied property and from property held for sale in the ordinary course of operations; The methods and significant assumptions applied in determining the fair value of investment property. The extent to which the fair value of investment property is based on a valuation by an independent valuer. The amounts included in the statement of financial performance for: (a) Rental revenue from investment property; (b) Direct operating expenses arising from investment property that generated rental revenue during the period; and (c) Direct operating expenses arising from investment property that did not generate rental revenue during the period; (d) Fair value increases in IP The existence and amounts of restrictions on the realisability of investment property or the remittance of revenue and proceeds of disposal; Material contractual obligations to purchase, construct or develop investment property or for repairs, maintenance or enhancements; A reconciliation of the carrying amount of investment property at the beginning and end of the period showing the following (a) Additions, disclosing separately those additions resulting from acquisitions and those resulting from capitalized subsequent expenditure; (b) Additions resulting from acquisitions through municipality combinations; (c) Disposals; (d) Net gains or losses from fair value adjustments; (e) Transfers to and from inventories and owner-occupied property; and (f) Other movements.

IAS 40 (AC 135) (cont)	Investment property (continued)	The entire standard to the extent that the property is accounted for in terms of GAMAP 17 (continued)			The following adjustments will need to be made to the AFS if IAS 40 is implemented and if IP is measured at Cost Price less accumulated depreciation. If the municipality elects to reflect all of its investment properties at cost less accumulated depreciation, ensure disclosure in the AFS of the following information, in addition to any relevant information required by the disclosure requirements relating to IP at fair value as set out above: • The depreciation methods used; • The useful lives or the depreciation rates used; • The gross carrying amount and the accumulated depreciation (aggregated with accumulated impairment losses) at the beginning and end of the period; • A reconciliation of the carrying amount of investment property at the beginning and end of the period showing the following (comparative information is not required): (i) Additions, disclosing separately those additions resulting from acquisitions and those resulting from capitalized subsequent expenditure; (ii) Additions resulting from acquisitions through municipality combinations; (iii) Disposals; (iv) Depreciation; (v) The amount of impairment losses recognized, and the amount of impairment losses reversed, during the period; (vi) The net exchange differences arising on the translation of the financial statements of a foreign municipality; (vii) Transfers to and from inventories and owner — occupied property; and (viii) Other movements; and • The fair value of investment property. In the exceptional cases, when the municipality cannot determine the fair value of the investment property; reliably, the municipality should disclose: (i) A description of the investment property; reliably, the municipality should disclose: (ii) An explanation of why fair value cannot be determined reliably; and (iii) If possible, the range of estimates within which fair value is highly likely to lie.

Std Nr	Standard title	GRAP, GAMAP and/or SA GAAP Requirement(s) exempted in terms of General Notice 552 of 2007	Adopt ed Y/N	Description of implementation plans that still need to be implemented to achieve full compliance with exempted Standards	Extent to which information in the AFS would need to be adjusted to achieve compliance with the exempted Standards
(AC 135) (cont)	Investment property (continued)	Disclosure of the fair value of investment property if the cost model is applied and where the municipality has recognised the investment property in terms of this standard (IAS 40.79(e)(i) – (iii))	Y	Ensure that, even if IP is reflected at cost procedures are put in place to obtain the Fair Value of IP at each Balance Sheet date for inclusion in the notes to the AFS.	The disclosure notes relating to IP would provide an indication of the Fair Value of IP which is carried at cost price less accumulated depreciation on the face of the Statement of Financial Position.
IFRS 3 (AC 140)	Business combinations	Entire standard	Y	It is highly likely that the most relevant section of IAS 40 to the municipality is the accounting treatment of goodwill. Goodwill is measured and accounted for by the municipality in accordance with the requirements of IFRS 3.	No adjustments will need to be made to the AFS as the municipality already fully complies with the relevant requirements of IFRS 3.
IFRS 5 (AC 142)	Non-current assets held for sale and discontinued operations	Classification, measurement and disclosure of non-current assets held for sale (IFRS 5.6 – 29 (in so far as it relates to non-current assets held for sale) and 38 – 42)	N	The municipality have implemented the requirements of IFRS 5 where applicable.	The municipality have implemented the requirements of IFRS 5 where applicable.
IFRS 7 (AC 144)	Financial instruments: disclosures	Entire standard to be replaced by IAS 32 (AC 125) issued August 2006 and effective for financial statements covering periods beginning on or after 1 January 1998	N	All the applicable sections regarding the disclosure requirements relating to Financial Instruments as set out in IFRS 7 are adhered to by the municipality.	No adjustments will need to be made to the AFS as the municipality already fully complies with the relevant requirements of IFRS 7.
